Porta-Fresh provides powerful odor control for portable and recirculating toilets. Each packet dissolves completely in water -- no need to measure, pour or cut open packages. Just drop a single packet into the holding tank for long-lasting odor control.

Directions

Add one Porta-Fresh packet into the holding tank and add enough water to completely cover tank bottom, approximately 5 gallons. One packet will treat a 40-gallon holding tank. Add additional packets as required depending on usage, heat and humidity.
